Studio Tour  
and  
Art Sale

For over twenty years, local artists have been opening their studios to the public for a weekend of art-filled adventure. The two day **ADMISSION-FREE** experience showcases original paintings, ceramics, collages, hand-pulled prints, jewelry, and much more. The annual tour is designed to allow the public to meet our area's leading artists, talk one-on-one, and see exciting new works of art and in some studios, art demonstrations. This cultural event is made possible by generous contributions by local businesses.
